

# ROME

TRANSPORTATION

## About Us

Founded in the year 2000, Rome Transportation has quickly become a leading expert in third-party logistics. Rome has developed specialty divisions for over-the-road, air, and sea shipments within North America and around the globe. Through service contracts and key partnerships, Rome is positioned to take total control of its customers supply chain.

Kitchener, ON N2H 4X8

# “Your Supply Chain Partner”

## First Time **Shippers**

Whether you're a seasoned professional or new to the industry, the process and requirements of shipping can be somewhat confusing and challenging. Our expert employees handle the shipping process for you. To get started, please contact us today and complete a “Client Profile Form.”

## Requesting a **Rate**

Requesting a rate has never been easier. You may contact your representative at Rome directly with your freight and shipment details. If you do not have a representative yet, please visit our website or call the number below.

## Tracing Your **Shipment**

Rome understands the importance of keeping you informed of the status of your shipment. Creating an account with Rome allows you to have a team of dedicated representatives. You can easily reach out to your team by phone or email to obtain the status of your shipment. To have access to our affiliated freight management software to trace your shipment and view your order by yourself, please contact your dedicated representative to set you up.

## Our **Future**

For us, the key to growth is focusing on the customer experience.

Success in the logistics marketplace is driven by maintaining and building relationships, developing new connections and always growing our network of partnerships and affiliation. We believe in fostering open and honest communication with you.
